---

## SUMMARY

Detail-oriented Full Stack Developer with hands-on experience in designing, building, testing, and deploying full-stack applications using JavaScript, React.js, Node.js, and MySQL. Strong understanding of SDLC, Agile practices, API integration, debugging, automation and performance optimization. Quick learner with excellent analytical, problem-solving, and communication skills. Eager to contribute to scalable, client-focused technology solutions.

---

## TECHNICAL SKILLS

**Languages:** JavaScript (ES6+), HTML5, CSS3

**Technologies/Frameworks:** React.js, Bootstrap, Node.js, MySQL

**Developer Tools:** VS Code, Postman, Git, GitHub

**Soft Skills:** Communication, Adaptability, Willingness to Learn, Punctuality, Problem-solving.

---

## CERTIFICATION COURSE

FULL STACK DEVELOPMENT (MERN)—Vcentry Technologies (2024)—Chennai.

---

## PROJECTS EXPERIENCE

### Travelix - Travel & Hotel Booking Application

- Developed a responsive travel & hotel booking platform by translating business requirements into functional UI and backend features.
- Built user authentication, dynamic routing, and booking workflows based on client requirements to ensure a seamless customer journey.
- Implemented state management optimization, improving load time and user flow efficiency across modules.
- Integrated REST APIs to handle destinations, hotels, and booking data with secure data transactions.
- Performed testing, debugging, and validation using Postman to ensure quality delivery aligned with SDLC standards.

**Tech Stack:** React.js, HTML, CSS, JavaScript, Node.js, MySQL

### Framed - E-Commerce Web Application

- Developed "Framed", a full-stack e-commerce website for premium wall posters with category-based browsing (Anime, Cinema, Cricket, Football).
- Implemented responsive UI, dynamic product filtering, cart functionality, and custom poster upload features.
- Built using React and managed development workflow with Git and GitHub.

**Tech Stack:** React.js, HTML, CSS, JavaScript, Node.js
